Celebrating Restaurants Serving Gluten-Free Awareness throughout the month of May

The Gluten Intolerance Group of NA (www.gluten.net) is sponsoring a national awareness campaign with the restaurants that support people living with gluten intolerances. On Sunday, May 3, individuals across the nation will eat at participating restaurants in support of awareness of celiac disease and gluten intolerances. The event will be publicized throughout the gluten intolerant community and in local, regional and national sources.

The Kogan Celiac Center will partner with several New Jersey restaurants for this event. Please visit any of the below locations on Sunday, May 3 to show your support and appreciation for restaurants across the country that offer gluten free choices as a regular part of their menus. These participating restaurants will donate twenty percent of the price of any gluten free meal ordered on this day to the Kogan Celiac Center towards its mission of providing expert services that include early assessment and diagnosis, treatment, education and support to improve the health and well being of those who live with celiac disease.

For more information, please call the Center at 973-322-7272 or email koganceliacenter@sbhcs.com.
