Advanced Cardiac Life Support for the Experienced Provider

Are you tired of the same old ho-hum ACLS renewal?

Are you ready to be challenged?

Then ACLS for the Experienced Provider is for you.

This course goes in-depth into the four topics that matter when you are trying to prevent a cardiac arrest or preventing a successful resuscitation from re-arresting by using case based education.

Toxicology

Acid-Base balance and Electrolyte problems

Cardiovascular problems along with right side EKGs, 12 and 15 Lead EKGs

Environmental Emergencies.
